

PARTICIPANT DECLARATION, RISK INFORMATION AND SAFETY RULES

Game:	
Environment / mode:	☐ park ☐ forest / forest park ☐ city centre ☐ night game
Operator:	ESC Room, Plzeň – Jaromír Ray, Žižkova 133, Tlučná 330 26, Company ID No. 69951675

By signing, I confirm that before the start of the game I have been informed about its nature, rules and the outdoor activity risks listed below. Participation is voluntary. This document serves as evidence that the safety information has been provided and that the ordinary risks of the game have been acknowledged; it does not replace or exclude the participant's statutory rights or the operator's statutory obligations.

1. Nature of the game and specific risk information

Depending on the particular game, the activity takes place in a park, forest or forest park, in the city centre, or in reduced visibility / at night. Players move along the route independently and are not under direct supervision by ESC Room staff at all times. I have been specifically informed of the following risks:

- Terrain and surfaces. Uneven, wet, slippery, muddy, icy or poorly lit surfaces; roots, stones, potholes, stumps, kerbs, stairs, paving and other obstacles that may cause a person to trip or slip.
- Vegetation and woodland. Low or overhanging branches, including branches at head or eye level, bushes, thorns, fallen wood, ticks, insects and other common natural obstacles.
- Urban traffic. Cars, motorcycles, trams, cyclists, scooters and other road users. The game gives players no right of way; full attention must be paid to traffic when crossing a road.
- Shared public space. Parks, paths and the city centre are also used by other pedestrians, runners, children, dogs and cyclists. Movement speed must be adapted to the situation.
- Night game and reduced visibility. At dusk and at night, uneven ground, roots, branches, obstacles, people and vehicles are harder to see. Players must slow down and use available lighting when needed.
- Weather. Rain, wind, heat, cold, ice, snow or storms may increase the risk of falling, hypothermia, overheating or being struck by a falling branch. The game must be stopped if conditions become dangerous.
- Phone / tablet. A player must not look at the screen while walking, crossing a road, using stairs or moving through difficult terrain; first stop safely, then read the instructions or operate the device.
- Game tasks and safety. No task requires risky behaviour, entering dangerous or prohibited areas, climbing trees or structures, crossing barriers or breaking traffic rules. If a solution is dangerous, it is not the correct solution.

2. Participant declaration and obligations

- Fitness to participate. I am not aware of any condition that would prevent me from participating safely. I will choose a pace appropriate to my abilities and stop the game if I experience pain, nausea, exhaustion or a sense of danger.
- Alcohol and other substances. At the start of the game I am not under the influence of alcohol, narcotic, psychotropic or other substances that impair safe movement or decision-making, and I will not use such substances during the game.
- Suitable equipment. I am responsible for suitable footwear, clothing and other equipment appropriate to the weather, terrain, time of day and my own abilities.
- Safe conduct. I will obey traffic rules, signs, access restrictions and the operator's instructions. I will not enter closed or private property, climb structures or cross barriers.
- Consideration and personal belongings. I will not damage game elements, other people's property or nature, and I will take care not to cause harm to myself or others. I am responsible for my personal belongings during the game.

3. Participants under 18

The adult named below next to a minor confirms that they are the minor's legal guardian or are otherwise authorised or entrusted to accompany and supervise the minor. During the game, they will provide appropriate supervision, explain the rules and risks, and adapt the route, pace and task-solving to the minor's age and abilities.

4. Injury, danger and stopping the game

If a dangerous situation arises, an injury occurs or conditions are unsafe, I will stop the game. Safety always takes priority over completing a task or the game time. If necessary, I will call emergency services on 155 or 112 and inform the gamemaster / operator.

5. Liability

I acknowledge that the ordinary risks described above cannot be completely eliminated during an outdoor activity. By signing, I confirm that I have been informed of them and will adapt my conduct accordingly. I am responsible, to the extent provided by law, for harm caused by my own breach of the rules, legal regulations or the operator's instructions. The operator's liability is assessed under applicable law and the specific circumstances; this declaration does not exclude or limit any liability that cannot legally be excluded or limited.

6. Confirmation

I had the opportunity to read this document before the start of the game, I understand its contents and I had the opportunity to ask for clarification of anything unclear.

SIGNATURE SECTION

A. Adult participants

Full name	Date of birth	Signature	Note / role

B. Participants under 18

Minor's full name	Date of birth	Responsible adult	Relationship / authority to supervise

By signing in Table A, each adult participant confirms that they accept this declaration on their own behalf; if they are listed in Table B as the responsible adult, they also confirm that they assume supervision of the stated minor to the extent described in this document.

Personal data information: The data will be used to document that participants have received the safety information, to organise the game and, where necessary, to address a safety incident or legal claim.
